

2026

UNPP Meeting

Availability Survey

Best Dates and Times for Partners

Umpqua Native
Plant Partnership

Action Request

Please complete the availability surveys by February 16th to help schedule the 2026 UNPP Annual Meeting and focal group discussions.

Responses will guide the development of Doodle polls to finalize meeting dates and times that best align with partner availability and interest in participating in UNPP activities in 2026. Meetings will begin in April and include the all-partners annual meeting and targeted meetings by focal group.

Focal Group Meetings

Oak Associated Grasslands & Systems

Strategic in-house and onsite project and NPM alignment to support partner restoration projects in oak-associated grasslands and systems.

[Best Day & Time Survey](#)

Wetland/Riparian & Post Fire

Strategic virtual and onsite partner meetings for NPM alignment to support partner restoration projects in post-fire areas, wetland, and riparian systems at the watershed scale.

[Best Day & Time Survey](#)

Growers

NPM discussions include group knowledge sharing, exploration of project and funding opportunities, and contributing to guidance on advocating for NPM growers within our partnership ecosystem.
